Atlast we made it..

this was all stated sometime back.. me and my cousin decided to make this project. We got inspired from RCDON's GR-1 jet engine and decided to make our own. After passing all the mile stone and pit falls we made this project a reality.

for more please look into [www.rickeyworld.info/jetengine/](http://www.rickeyworld.info/jetengine/)

#### **Credits for the project:**

Â Vibhor Sharma - Design and Â Engineering (My Cousin)
