

New project coming soon!

ajay_bhargav, Fri Mar 16 2007, 03:32 am

Good news for all students!

Soon i am going to put a new project on the website.

Home automation over internet using webserver

Java Developer: Shruthi Alekha S, Ajay Bhargav

Project is still under progress. It has a stand alone webserver written in java.. hardcoded to control 4 switching appliances, 2 speed control or dimmer appliance and to read a temprature of the room.

To read more about the project click on the link below

Software is almost finished you can see the screen shot here...

i hope you all are waiting for this project to come online

Full view of the image can be seen here..
