

### **Working Demo of Home Automation Over Internet**

ajay\_bhargav, Wed Apr 04 2007, 07:04 pm

Dear Friends,

As per request from all of you. I made this demo of Home Automation Over Internet.

Here i am showing

- » How to open a connection.
- » How to close a connection.
- » How to switch on/off.
- » How to send sms.
- » How to check status.

I hope this will help you understanding, how Home automation works  
so have a live experience of home automation over internet.

[Click here to see the demo:](#)

Note: This demo is made from a real project not just a flash movie.

Enjoy!
